BULLETIN ON CURRENT LITERATURE

A Monthly Bibliography for Workers with the Handicapped

Vol. 8. No. 2

Fifty Cents a Year

February 1947

AMERICAN NATIONAL RED CROSS
See 134.

AMPUTATION--GERMANY

70. Magee, R.K.

Sauerbruch cineplastic amputation. Lancet. Dec.21,1946. 251:643:904-6
A description of the method now followed in Sauerbruch's clinic in Berlin, Ger., including modifications introduced since 1943. An editorial on p.910-1 reviews "Cineplastic and Krukenberg amputations."

See also 134; SURGERY

APHASIA

71. Laub, George R.

Aphasia after meningitis. Am. J. of Diseases of Children. Dec.1946.
72:6:728-30.

"Sensory aphasia (pure word deafness) is reported as the sequel of a case of meningococcic meningitis. The question is raised whether the cases of complete deafness reported to result from this disease would be diagnosed as cases of aphasia if thorough audiometric studies were made."

ARTHRITIS

72. Short, Charles L.

Arthritis in the Mediterranean Theater of Operations. Bul. of U.S. Army Med. Dent. Jan. 1947. 7:1:7-12.

Summarizes the incidence of the variety of joint diseases and the program of medical treatment followed.

73. Weber, F. Parkes

Palindromic rheumatism. Lancet. Dec.28,1946. 251:6435:931-3.

Defines the term, giving clinical illustrations, to include "some clinical syndromes of uncertain causation and for component parts of more complicated 'compound' syndromes."

BLIND

See 134.

CEREBRAL PALSY

74. Bruner, R.E.

What we should know about cerebral palsy. Nat. Parent-Teacher. Jan.1947.
41:5:22-4.

An explanation to parents and teachers what cerebral palsy is, to what extent children may be rehabilitated, and the responsibility of the school and teacher in their education.

ISSUED BY THE NATIONAL SOCIETY FOR CRIPPLED CHILDREN AND ADULTS, INC.
11 South La Salle Street Chicago 3, Illinois

75. District of Columbia Society for Crippled Children
Annual report, 1946. Washington, D.C., The Society, 1946. 28p. 1104
Reports services of the Society that have been developed for the care and treatment of cerebral palsied children in the last three years.
76. Leishin, Adeline
Woman's angle on marriage for C.P.'s. Spastic Rev. Jan.1947. 8:1:5.
In answer to "Marriage and the cerebral palsied." by B.L. Stafford, published in Spastic Review, Nov.1946 (see Bul. on Current Literature, Dec.1946, item 915).

CEREBRAL PALSY--PSYCHOLOGICAL TESTING

77. McIntire J. Thomas
The incidence of feeble-mindedness in the cerebral palsied. Am. J. of Mental Deficiency. Apr.1946. 50:4:491-4.
A report based on a study of the first 500 cerebral palsied individuals, chiefly under 21 years of age, seen in the New Jersey State Cerebral Birth Palsy Survey. Shows that approximately one in three is mentally defective to the extent of having borderline or feeble-minded intelligence.
- See also 139.

CHILD CARE

See 149.

CHILD HEALTH

78. Keene, Charles H.
The responsibility of the medical profession for child development. J. of School Health. Jan.1947. 17:1:6-11.
Outlines the three categories involving the proper growth and development of children: 1) control of communicable diseases, 2) physical education, 3) nutrition.

CHRONIC DISEASE--GT. BRIT.

79. Care of chronic sick: contribution of physical medicine. Brit. Med. J. Jan.4,1947. 4487:27.
Summarizes very briefly papers read before the Section of Physical Medicine of the Royal Society for Medicine. Dec.11,1946.

CONVALESCENCE--GT. BRIT.

80. Convalescent home. Lancet. Oct.1946. 251:6425:568-9.
An editorial urging that convalescent homes in England be listed and supervised by a central agency.

DEAF

81. American Medical Assn. Council on Physical Medicine.
Tentative standard procedure for evaluating the percentage loss of hearing in medicolegal cases. J. Am. Med. Assn. Feb.8,1947. 133:6:396-7.
82. Bartlett, Ruth
I have learned to hear again. Volta Rev. Jan.1947. 49:1:14-5,58-60.
Gives practical suggestions for learning to hear again by the author of "Recipe for Hearing" (published anonymously in Volta Review. Feb.1935) reprinted in this issue, p 32-33,46.

83. Fowler, Edmund P.
Otosclerosis, progressive deafness and correlated problems. Hearing News. 15:1:5-8,20-2.
Reviews medical knowledge of the subject.
84. Harris, Grace
An acoustic training program for severely deaf children. Volta Rev. Jan.1947. 49:1:29-31,48-52.
Part III of three parts. Parts I and II were published in the Oct. and Dec.1946, issues of Volta Review, respectively
85. Johnson, Elizabeth H.
A decade of acoustic training. Welfare Bul., Illinois Dept. of Public Welfare. 37:11:12-15.
Reviews the acoustic education of the deaf since the establishment of the acoustic department of the Illinois School for the Deaf, Jacksonville, Ill. in 1936.
86. Riley, Agnes C.
Speech training in the Army. Hearing News. Jan.1947. 15:1:3-4,16-20.
Outlines the speechcorrection program for the deaf at the Hoff General Hospital for Aural Rehabilitation, Santa Barbara, Calif.

DEAF--EQUIPMENT

87. Hudgins, Clarence V.
Testing the performance of hearing aids. Volta Rev. Jan.1947. 49:1:5-6, 60-2.
"The material of this paper is taken from an experimental study conducted at the Psycho-Acoustic Laboratory, Harvard University, S.S. Stevens, Director, under Contract OWMsr-658."
88. Johnson, Elizabeth H.
Audiometric testing of hearing aids. Volta Rev. Jan.1947. 49:1:7-12.
Describes improvised tests as devised by the acoustic department of the Illinois School for the Deaf.
89. Thea, Alfred R.
Fitting hearing aids. Hearing News. Jan.1947. 15:1:9-14.
See also 134.

DRUG THERAPY

90. (Tridione and streptomycin accepted as "new and nonofficial remedies" by the Council on Pharmacy and Chemistry of the American Medical Assn.) J. Am. Med. Assn. Feb.1,1947. 133:5:320.
A news notice announcing the medical acceptance of the drugs and describing their actions and uses.

EDUCATION, SPECIAL

See SPECIAL EDUCATION.

EMPLOYMENT

91. Kessoris, Max D.; Hammond, Henry S.

The physically impaired worker in industry. Monthly Labor Rev. Dec.1946. 63:6:918-23.

A report on a survey by the U.S. Bureau of Labor Statistics appraising the work performances of 10,000 seriously impaired workers in manufacturing industries. Summarizes briefly, also, national statistics on the total number of persons who are severely disabled.

92. Mulder, Blanch

Illinois Association for the Crippled: Homebound program. Public Aid in Illinois. Dec.1946. 13:12:8-9,15.

EMPLOYMENT--GT. BRIT.

93. Manning, J.V.

New entrants to industry; medical examination and a system of physical classification. Brit. J. of Physical Medicine and Industrial Hygiene. Nov./Dec.1946. 9:6:185-8.

An explanation of the procedures followed in a British large, heavy-industry firm in determining the physical capabilities of the prospective employee.

See also VETERANS; VETERANS (DISABLED); VOCATIONAL GUIDANCE; and under specific disabilities.

EXERCISE

94. Kovalt, Nila K.

Bed exercises. Archives of Physical Medicine. Jan.1947. 28:1:18-29.

A discussion of benefits of instituting a program of specific bed exercises in the medical treatment of hospitalized patients.

GERMAN MEASLES

95. Davis, Junius W., Jr.

Congenital malformations following rubella in the mother. J. of S. Car. Medical Assn. Jy.1947. 42:7:190-3.

Reviews the literature on the subject and summarizes present medical opinion.

HANDICAPPED

96. U.S. House of Representatives. Com. on Labor. Subcom. on Aid to Physically Handicapped

Hearings...pursuant to H.Res.49, a resolution authorizing the Committee on Labor to conduct an investigation of the extent and character of aid now given by the federal, state, and local governments and private agencies to the physically handicapped, and for other purposes. Part 22: Rural physically handicapped. Apr.2,3,4,1946. Washington, D.C., U.S. Supt. of Docs.,1946. p.2209-88.

Gives statements by representatives of various national private and governmental agencies. The appendix includes (p.2263-81) a study by Agnes K. Garrity of state laws providing for education of exceptional children.

HANDICAPPED--BIBLIOGRAPHY

97. Shields, Agnes; Hill, Marcia

Challenge; background readings for and about the physically handicapped adults and children. Reading for Background, No.16) N.Y., H.W. Wilson, 1946. 18p. 60¢

A short reading list of popular titles for students, teachers, and school librarians to use in providing background material for classroom work.

HANDICRAFTS

See 141, 142, 143, 144.

HEALTH EDUCATION

98. American School Health Association

A committee report...on "Integration of community health education and school health education." J. of School Health. Jan.1947. 17:1:19-22.

A report of a survey "to discover what sort of integration is going on today between community health agencies and the school health program. About 50 schools and 29 community health agencies responded to the survey."

HEART DISEASE

99. Bourne, Geoffrey

Cardiac signs in young adults, with special reference to functional murmurs. Lancet. Nov.30,1946. 251:6431:729-81.

Based on experience of examining 308 recruits referred for special heart examination during the war, writer discusses the difficulties of cardiological diagnosis and makes suggestions to improve accuracy.

100. Cassidy, Maurice

Coronary disease. Lancet. Oct.26,1946. 251:6426:587-90.

The Harveian oration of 1946 delivered before the Royal College of Physicians of London on Oct.18,1946.

HELIO THERAPY

101. Schmidt, L.

Artificial sunlight treatment, the proper perspective. Brit. J. of Physical Medicine and Industrial Medicine. Nov-Dec.1946. 9:6:175-79.

HOSPITALS -- LEGISLATION

102. Hoge, V.M.

The Hospital Survey and Construction Act. Public Health Reports. Jan.10,1947 62:2:49-66.

KNEE--INJURIES

103. Calderwood, Carmelita

Internal derangement of the knee--nursing care. Am.J. of Nursing. Jan.1947. 47:1:22-4.

Describes nursing care for knee injuries.

104. Greteman, T.J.

Trauma to the knee joint. Am. J. of Nursing. Jan.1947. 47:1:19-21.

Describes and evaluates the types of injuries to the knee joint from the standpoint of nursing care.

MENTAL HYGIENE

105. Felix, Robert H.

Relation of the National Mental Health Act to state health authorities.
Public Health Reports. Jan. 10, 1947. 62:2:41-9.

MUSCLE--INJURIES

106. Kosman, A.J., and others

Comparative effectiveness of various electrical currents in preventing muscle atrophy in the rat. Archives of Physical Medicine. Jan. 1947. 28:1:7-12.

107. Kosman, A.J., and others

Influence of duration and frequency of treatment in electrical stimulation of paralyzed muscle. Archives of Physical Medicine. Jan. 1947. 28:1:12-7.
Reports findings of a laboratory study in determining an effective treatment by electrical stimulation for the prevention of denervation atrophy of muscles.

NURSING--STUDY AND TEACHING

See 145.

OCCUPATIONAL THERAPY

108. Muir, Lola L.

The role of occupational therapy in physical medicine. Industrial Nursing. Dec. 1946. 5:12:15-18.

A discussion of the broad principles of occupational therapy in the rehabilitation of the convalescent patient, and of the relationship of occupational therapy to physical therapy.

See also 119; 121; HANDICRAFTS; and under specific disabilities.

OLD AGE--GT. BRIT.

109. Amulree, Lord

Care of the elderly. Lancet. Nov. 30, 1946. 251:6431:801-2.

ORTHOPEDICS--EQUIPMENT

110. Kissane, M.M.

Removable clamp for attaching orthopedic brace to shoe. Bul. of U.S. Army Med. Dept. Jan. 1947. 7:1:149-51.

Describes a detachable clamp that was designed by the orthopedic appliance shop at Lawson General Hospital.

OSERETSKY TESTS

111. Doll, Edgar A., ed.

The Oseretsky tests; method, value and results. Portuguese adaptation by Maria Irene Leite DaCosta, tr. by Elizabeth Joan Fosa, edited by Edgar A. Doll, Director of Research at the Training School at Vineland, New Jersey, Minneapolis, Minn., Educational Test Bureau, 1946. 47p. \$1.00.

PARAPLEGIA

112. Bumpus H. Carey, and others

Urologic complications in injury of the spinal cord. J. Am. Med. Assn. Feb. 8, 1947. 133:6:366-9.

"This report deals with the urologic complications observed in 101 cases of injury or disease of the spinal cord occurring among U.S. Navy personnel."

113. Guttman, Ludwig

Rehabilitation after injuries to the spinal cord and cauda equina. Brit. J. of Physical Medicine and Industrial Hygiene. Nov-Dec. 1946. 9:6:162-70.

Continued from the Sept-Oct issue (see item 877; Bul. on Current Literature, Dec. 1946). An extended discussion of the methods of medical rehabilitation of paraplegics. Covers also the fields of physical and occupational therapy, vocational training, and employment.

114. Petroff, Boris P.; Yarosh, Michael

Physical reconditioning of paraplegic patients. Archives of Physical Medicine. Jan. 1947. 28:1:34-8.

PARENTS AND TEACHERS

115. Laycock, S.R.

Cooperating with parents of handicapped children. J. of Exceptional Children. Jan. 1947. 13:4:102-4, 128.

PHYSICAL THERAPY

See 108, 140; also related subject fields, as EXERCISE, HELIOTHERAPY, and under specific disabilities.

PHYSICAL THERAPY--THE NETHERLANDS

116. Van Breemen, J.; Van Dam, G.

Physical medicine in the Netherlands. Brit. J. of Physical Medicine and Industrial Hygiene. Nov-Dec. 1946. 9:6:180-2.

POLIOMYELITIS

117. Irwin, C.E.

Subtrochanteric osteotomy in poliomyelitis. J. Am. Med. Assn. Jan. 25, 1947. 133:4:231-5.

118. Seddon, H.J., and others

The poliomyelitis epidemic in Mauritius in 1945; clinical features and organization of treatment. Lancet. Nov. 16, 1946. 251:6429:707-12.

Describes in detail what was done in handling an epidemic of 1000 cases in an island population of 419,000. Includes illustrations of apparatus used.

PSYCHIATRY

119. Psychiatric service. Hospitals. Jan. 1947. 21:1:45-61.

A section composed of 8 articles describing the problems and results of caring for patients with acute and subacute psychiatric conditions as cared for in the psychiatric division of a general hospital. The McMillan Hospital which is a division of Barnes Hospital, St. Louis. Includes is the article, "Psychiatric service: Occupational therapy," by M.E. Bick.

See also 134.

READING

120. Anderson, Irving H.

The concept of remedial reading. J. of Exceptional Children. Jan. 1947. 13:4:97-101.

Offers support to the point of view of experts in child development that remedial reading does more harm than good, that a child should not be forced in his reading efforts until he is mature enough.

REHABILITATION--GT. BRIT.

121. Rehabilitation and occupational therapy centre at Bromley. Brit. Medical J. Jan.4,1947. 4487:24-5.

Reports the opening on Dec.14,1946, of a rehabilitation department in the Bromley and District Hospital in Kent, England.

See also VETERANS (DISABLED); VOCATIONAL REHABILITATION; and under specific disabilities.

Rh FACTOR

122. Wallerstein, Harry

Erythroblastosis foetalis and its treatment. Lancet. Dec.21,1946. 251:6434:922.

A statement by the director of the Erythroblastosis Fetalis Clinic, Jewish Memorial Hospital, N.Y.

RHEUMATIC FEVER

123. U.S. Army. Medical Department. Halloran General Hospital. Clinical conference report: Case of rheumatic fever. Bul. of U.S. Army Med. Dept. Jan.1947. 7:1:64-73.

Transcription of a staff meeting in which a case of rheumatic fever is described and proper medical treatment is discussed.

124. Wedum, Bernice G.

The Denver area rheumatic fever diagnostic service: observations of 2,000 cases seen during the first two years--preliminary report. J. of School Health. Jan.1947. 17:1:1-5.

A report of the organization and activities of the Diagnostic Service since 1944 when the Colorado rheumatic program was begun.

SCHOOL HYGIENE

125. Hecht, George J.

Here's a national school health program. Parents' Magazine. Jan.1947. 22:1:18-19,66-7.

Announces and describes the bill "The National School Health Services Act of 1947," sponsored by Parents' Magazine, which is to be submitted to the U.S. Congress early in 1947.

SPECIAL EDUCATION

126. Lee, Grace E.; Rosenson, Lillian

Development of a study guide for children of lowered vitality. J. of Exceptional Children. Jan.1947. 13:4:105-8,120.

Describes the preparation of a study guide by the New York City Board of Education for the purpose of setting up a body of principles concerning individual and classroom programs for children of lowered vitality.

See also 96; PARENTS AND TEACHERS

SPINE--INJURIES

127. Moore, R.A.

Herniation of the nucleus pulposa; laminectomy with spinal fusion. Trained Nurse and Hospital Rev. Jan.1947. 118:1:25-8.

A short discussion of a case of surgery of the spine.

SURGERY

128. Crossman, Lyman W.; Allen, Frederick M.

Surgical refrigeration and preservation of tissue. J. Am. Med. Assn. Feb. 8, 1947. 133:6:377-82.

A review of the subject since the first published announcements of its clinical use in 1937.

See also AMPUTATION.

TUBERCULOSIS

129. Birkel, Carl C., and others

Tuberculosis case finding; a comparison of the effectiveness of various roentgenographic and photofluorographic methods. J. Am. Med. Assn. Feb. 8, 1947. 133:6:359-66.

A report by the Board of Roentgenology appointed by Veterans Administration to investigate the relative diagnostic efficiency of the various sizes of film which have been used by the armed forces.

130. Antibiotics--the new weapon in tuberculosis. Public Health Reports. Jan. 3, 1947. 62:1:1-3.

An editorial reviewing the trend in research in the prevention of tuberculosis and introducing the article, "A crystalline antibacterial substance from the lichen Ramalina reticulata," by Dr. Alfred Marshak (p3-19). "It is through such studies as this that one by one the antibacterial possibilities in tuberculosis are tested."

TUBERCULOSIS--GT. BRIT.

131. Day, George

Observations on the psychology of the tuberculous. Lancet. Nov. 16, 1946. 251:6429:703-6.

"A paper read to the Northfield Psychiatric Society, Northfield Military Hospital, Birmingham, in November, 1944."

TUBERCULOSIS--POLAND

132. Daniels, Marc

Tuberculosis in Poland. Lancet. Oct. 12, 1946. 251:6424:537-40

A report based on a six weeks tour of the polish tuberculosis services by the medical officer of the Health Division, UNRRA.

VETERANS--BIBLIOGRAPHY

133. Burnham, Paul S., comp.

Employment, rehabilitation, and veteran adjustment; a bibliography, 1940-45.

Publ. no. 97. Chicago, Public Adm. Serv., 1946. 27p. Processed. \$1.00

Lists 319 titles with annotations.

VETERANS (DISABLED)

134. Rehabilitation at the U.S. Naval Hospital, Philadelphia. U.S. Naval Medical Bul. Suppl. Mar. 1946. 340p. 35¢

Contents: Amputee rehabilitation, p5-182; Hearing and speech rehabilitation, p183-252; Rehabilitation of the blinded, p253-321; Neuropsychiatric rehabilitation, p322-31; Red Cross in rehabilitation, p332-40.

VETERANS (DISABLED)--EMPLOYMENT

135. Armantrout, Lawrence L.

Putting disabled veterans back to work: Bell Telephone Mag. Summer 1946. 25:2:77-81.

"Nearly 1,500 former employees and 700 other veterans with service-incurred disabilities are on the job with Bell System Telephone Companies."

VITAL STATISTICS--GT. BRIT.

136. Sutherland, Ian

The stillbirth-rate in England and Wales in relation to social influences. Lancet. Dec. 28, 1946. 251:6435:953-5.

Surveys the factors involving the still-birth rate in 1928-44 and ascribes one third due to factors which improved obstetrics should help to prevent and a fifth to vaguely certified or unknown causes.

VOCATIONAL GUIDANCE

137. Martens, Elise H.

Life adjustment for the seriously disabled. J. of Exceptional Children. Jan. 1947. 13:4:109-13, 128.

A paper given before the N. Dakota Conference of Social Welfare, Oct. 17, 1946.

See also 147, 148

VOCATIONAL REHABILITATION--GT. BRIT.138. Work for the Disabled. Lancet. Dec. 7, 1946. 251:6432:839-40.

A summary of the report of the Standing Committee on the Rehabilitation and Resettlement of Disabled Persons recently published (H.M. Stationery Office, 10s.).

NEW BOOKS IN THE LOAN LIBRARY

139. Chicago. Spalding School for Crippled Children

Primary Division for spastic children. Chicago, The School, 1946. 60p. \$1.

A well-prepared brochure describing in text and many excellent illustrations the program of the school nursery for cerebral palsied children.

140. Daniels, Lucille, and others

Muscle testing; techniques of manual examination. Phila., Saunders, 1946.

189p. \$2.50. Plastic binding.

Illustrated by Harold Black with 349 diagrammatic line drawings.

141. Dank, Michael C.

Creative crafts in wood. Peoria, Manual Arts Press, c1945. 200p. \$3.00.

142. Greenbury, Margaret Powers

A book of little crafts. Peoria, Manual Arts Press, c1942. 115p. \$3.25.

Describes 40 artistic crafts.

143. Greenbury, Margaret Powers

The party table. Peoria, Manual Arts Press, c1946. 167p. \$3.00.

144. Jacobson, Charlotte
"First-joiner" crafts. Peoria, Manual Arts Press, c1946. 88p. illus.
\$1.75.
Directions for the making of useful articles by children aged 7-12 years.
145. Jeans, Philip C., and others
Essentials of pediatrics. 4th ed. Philadelphia, Lippincott, c1946. illus.
627 p. \$3.50.
A presentation of the problems of child care and child guidance as they confront the nursing profession. Explains specific techniques of help to the understanding of the student nurse in the total care of the sick and convalescent.
146. Rosenthal, Helen, and others
Diabetic care in pictures; simplified statements with illustrations prepared for use of the patient. Phila., Lippincott, c1946. 150p.
Intended "as part of the diabetic's equipment so that diabetes and its treatment may be understood and fullest cooperation given by the patient to the physician and the dietitian."
147. Wagner, Tobias
Selective job placement, a plan for promoting personnel proficiency. New York, National Conservation Bureau, c1946. 151p.
"The present work was undertaken for the purpose of presenting a clear, concise picture of the orthopedically disabled in industry, by comparison of their status with that of the non-disabled." In three parts: I. Placing the average industrial worker; II. Placement of the physically exceptional; III. Planning for personnel efficiency.
148. White, J. Gustav
Changing Your Work? New York, Association Press, 1946. 210p.
"This book is for all individuals who want help in their vocational readjustment." Chapter 9 is on counselling the physically handicapped.
149. U.S. Children's Bureau
Your child from one to six. Washington, D.C., U.S. Supt. of Doc. 1946.
147p. 15¢
The revised 1945 edition.
